From the Desk of the Principal

Dear Students, Parents, Teachers, and Members of the MAS Family,

I am honoured to join the MAS family and thank the Management for their warm welcome and trust. Congratulations to our students, parents, teachers, and administrative staff on the excellent Std. X ICSE Board results–a testament to our shared dedication and teamwork. As we uphold our motto, "Where Every Child Matters...,

"let us be guided by two core values:
Inclusiveness – Ensuring every child is nurtured and empowered to grow.
Sustainability – Equipping students with the values and skills to become responsible global citizens.
Together, let us build a culture where every child thrives and every voice matters.

Warm regards,
Ms. Aditi V

Ms. Aditi Vajandar
Principal

Farewell Moments

On the evening of April 2nd, 2026, the students of Std 9 hosted a Farewell Party to honour the graduating Std 10 Batch of 2026. The 9th-grade organisers beautifully decorated the hall, and prepared unique, personalized gifts for each senior. The evening featured a variety of organised games, dinner, and a special runway show as the main event. During the runway, each 10th grader walked the stage accompanied by selected background tracks and humorous props. Following the show, everyone gathered together for a celebratory Cake-cutting Ceremony to sweeten the occasion. The highlight of the programme concluded with the presentation of awards, where Anush Bagaria and Sidrah Khan were officially crowned Master and Miss. Marbleites, respectively. It was a memorable and successful celebration that perfectly honoured the seniors as they moved on to the next chapter in their lives.

ANNUAL DAY

"A DAY TO CELEBRATE GROWTH, CREATIVITY, AND THE SPIRIT OF TOGETHERNESS."

Annual Day 2025–26: Celebrating Valour, Excellence & School Spirit

The Annual Day of Marble Arch School was celebrated with great grandeur on Saturday, 28th March 2026, at the Sheila Gopal Raheja Auditorium, Bandra, in the august presence of the management, distinguished guests, parents, staff, and students. The evening's thematic presentation, "India – The Land of Warriors," paid tribute to the nation's enduring legacy of courage and patriotism. Through captivating narration by students portraying a grandmother and her grandchildren, the audience was taken on an inspiring journey through the lives of legendary and unsung warriors.

Mesmerising performances in dance, drama, and a thought-provoking street play beautifully reflected their valour and sacrifices.

THE

YEAR

It was a proud and memorable occasion as Marble Arch School honoured the outstanding achievements of its students and the exceptional dedication of its educators, administrative team, and support staff. The award ceremony was held on Saturday, 28th March 2026, at the Sheila Raheja Auditorium. Director Ms. Veena Sethi, Managing Trustee Mr. Vishal Sethi, and Principal Ms. Manvinder Jauhari felicitated the awardees in the presence of a distinguished gathering. Among those recognised were: Mrs. Suparna Ray for showcasing exceptional talent in the field of secondary education and fostering creativity in the field of drama and public speaking. Mrs. Seema Katke for her exemplary patience and public relations skills;

Mr. Clyde Murzello for his innovative teaching methodologies; Mrs. Komal Nikhil Nikalje for her creative excellence in yoga; Mrs. Neha Bhatia for her skill and diligence in teaching;

Mrs. Jayeeta Mohanty for her dexterity and conscientiousness in education; and Mrs. Bhawna Narula for her exceptional creativity and innovative teaching methods. Mrs. Sanjana Yadav was also honoured for her many years of selfless service as a valued member of the ancillary staff. Sapphire House emerged as the Overall Winning House for the academic year 2025-26.

The programme also celebrated the achievements of the ICSE 2025 toppers, including the school topper who secured 99%, along with notable accomplishments in academics, co-curricular activities, and national-level gymnastics. The event concluded on a high note, reflecting the creativity, excellence, teamwork, and vibrant spirit that define Marble Arch School.

MARBLE ARCH SCHOOL
WHERE SUCCESS BEGINS.

"SUCCESS IS THE SUM OF SMALL EFFORTS, REPEATED DAY IN DAY OUT".

Marble Arch School proudly celebrates the remarkable achievement of its Class X students in the ICSE Examinations 2025-2026. The 100% results have brought immense pride to the MAS Community and serve as an inspiration for future batches. The excellent results reflect the students' dedication, perseverance, and commitment to academic excellence, as well as the hard work, commitment and unwavering support of teachers and parents. Twenty-one students had appeared for the Indian Certificate of Secondary Education this year, and have proved once again that success is achieved with determination, hard work and consistent effort. The school recorded an impressive performance, with Sumehra Sahu scoring 98.4%. A total of 9 students scored above 95%, 7 students between 90-95% and 5 students between 85-90%. This success marks a promising beginning for the academic journey of the graduating batch and reinforces the school's tradition of excellence in education. As the students move forward to higher studies, the school wishes them continued success and a bright future.

"TO LEAD IS TO LIGHT A PATH FOR ALL."

On April 7, 2026, Marble Arch School solemnly conducted its Annual Investiture Ceremony, marking a significant occasion in the school calendar. The newly elected Student Council members were formally invested with their duties and honored as the torchbearers of the institution. They were entrusted with the responsibility of upholding the school's values of discipline, integrity, and excellence, while guiding their peers with dedication and sincerity. The ceremony symbolized the passing of leadership and trust, as the school looked forward with pride and hope to a year of committed service and inspiring student leadership under the new council.

AWARDS DAY - 2025 -26

The Annual Awards Ceremony 2025–26 celebrated the meritorious students from Pre-Primary to Grade 10. The school was honoured to have esteemed guests Mrs. Sanghamitra Sahu and Mr. Soumitra Sahu, parents of Sumehra Sahu, the Head Girl for the academic year 2025-26, and Mrs. Nandita Dubey and Mr. Manoj Dubey, parents of Naman Dubey, the Head Boy for the academic year 2025-26, present the awards, recognizing excellence across academics and co-curricular fields.

YOGA DAY

21st June, 2026

AWAKENING WELLNESS, INSPIRING BALANCE

To celebrate International Yoga Day, a series of engaging yoga activities was organised for students across all sections of the school, promoting physical fitness, mental well-being, and awareness of the importance of yoga in daily life.

The Pre-Primary students delighted in performing animal yoga poses, making the experience both fun and interactive while enhancing their balance, flexibility, coordination, concentration, and creativity.

Students of the Primary Section participated in basic yoga sessions in their classrooms, focusing on correct posture, breathing techniques, flexibility, and overall well-being. The Secondary students presented a team-based yoga display, performing synchronized asanas that reflected discipline, teamwork, coordination, and confidence developed through regular practice.

The celebration highlighted the invaluable benefits of yoga and encouraged students to adopt a healthy and balanced lifestyle. Through movement, mindfulness, and self-discipline, International Yoga Day became a meaningful and memorable experience for all.

Earth Day - 22nd April, 2026

Play, learn, and shine.

Where creativity meets action.

The Pre-primary Marbleites celebrated 'International Earth day' on 22nd April 2026. As part of the celebration, they were made to do craft & painting activities like head gear making, poster making, etc. They watched videos on 'Saving water & trees'. They were given an insight on the significance of 'Preserving Mother Earth'. Children witnessed each of their teachers plant sapling for their class. Every child was given a chance to water the sapling belonging to their respective class. All the children took home a beautiful & valuable lesson, 'Earth is my Home and I shall preserve it always'.

Segregation Day - Pre-Primary

With tiny hands and caring hearts, our young learners discovered how simple habits like proper waste segregation can help protect our planet. Through fun and meaningful activities, they took a small yet significant step towards becoming responsible and environmentally conscious citizens of tomorrow.

Activities conducted: • Interactive Recycling Sorting Games helped children understand the importance of identifying and segregating waste correctly.

* A skit on protecting underwater creatures sensitised them to the harmful effects of pollution on marine life and the need to keep our surroundings clean.

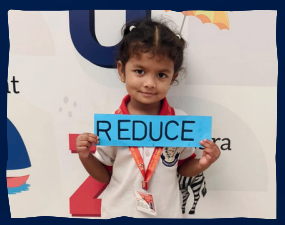

The celebration reinforced the message that every small action counts and that caring for the environment begins with simple practices adopted from an early age.

Students' Corner

Plant Trees, Save Our Planet

Have you noticed how summers feel hotter and weather patterns seem more unpredictable these days? The globe is getting warmer. This is neither fancy nor any fantasy, but a hard reality. Science shows how the temperature of this earth is regularly increasing. That's global warming at work. Global warming is a serious environmental problem caused by the rise in Earth's temperature. It happens mainly due to human activities like burning fossil fuels, cutting down trees, and releasing harmful gases into the air.

These gases trap heat and make the planet warmer. As a result, glaciers melt, sea levels rise, and extreme weather events become more common. Global warming also harms plants, animals, and human life. Global warming is real, and its effects are already visible. It is not just an environmental issue but also a threat to human survival. If immediate steps are not taken, the future of our planet will be in danger. However, if individuals, communities, and governments work together, the problem can be controlled. Small steps like planting trees, using renewable energy, and reducing pollution can make a big difference. It is our responsibility to protect the Earth so that future generations can live in a safe and healthy environment.

Naahidaa T. Khakiyani, Std 6

The Race We Never Talk About

Every morning, the school gates open to more than just footsteps and school bags. They open to stories. Some students walk in carrying dreams folded neatly like new notebooks. Some carry expectations heavier than their textbooks. And some carry quiet battles — the kind that never make it to the attendance sheet, but sit beside them on every bench.

We are quick to measure each other. By marks on a report card. By trophies on a stage. By the confidence in a voice, or the mistake in an answer.

But numbers can't count courage. Medals can't measure growth.

And silence often hides the loudest effort. School was called a race long before we got here. But what if it was never meant to be one? No two runners hear the same starting whistle. No two paths curve the same way. When we spend our lives glancing sideways, we forget to feel our own feet moving forward.

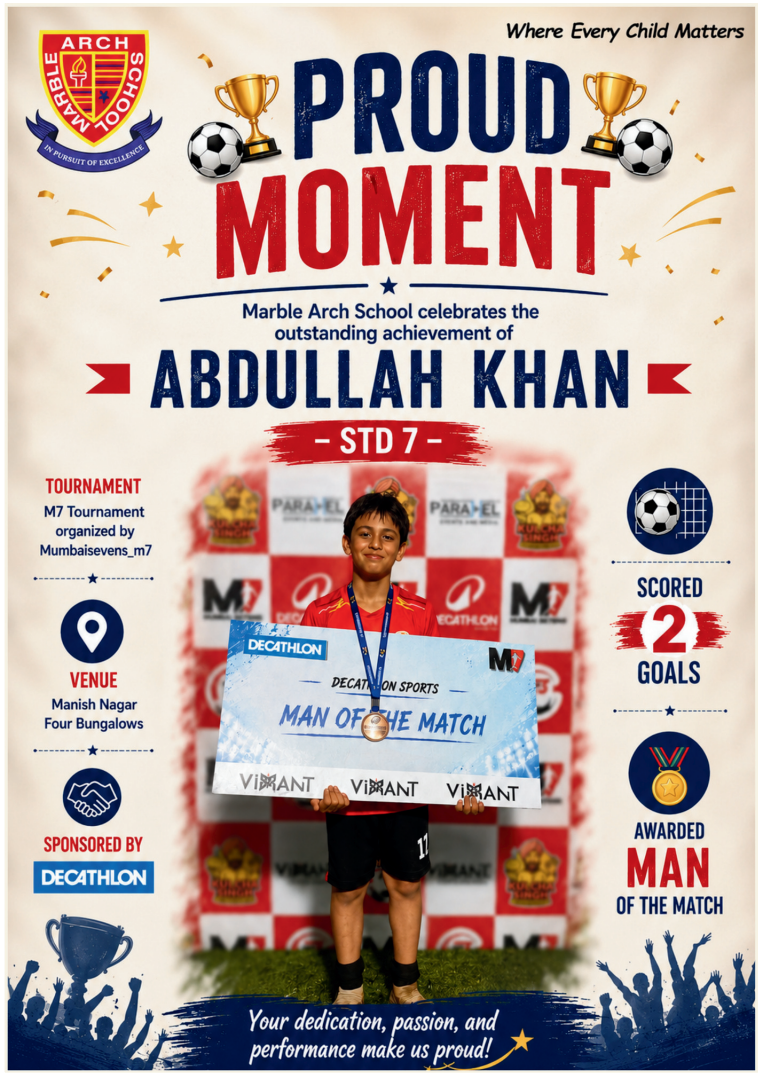

A flower in the garden doesn't rush because its neighbor has bloomed. It waits for its own sun, its own rain, its own season. And when it opens, it's not late — it's right on time.

We are no different. Inside every student is something waiting — a talent, a spark, a kind of light — that will show itself when the moment is truly ours. Success is not the sound of coming first. Sometimes, it's the quiet of being better than yesterday. It's the hand raised after weeks of doubt. It's the problem solved after five wrong tries. It's the lesson we carry out of a failure and refuse to leave behind.The hardest competition we'll ever face isn't with the bench beside us. It's with the voice inside us that says "you can't." And every time we learn, every time we try again, every time we believe a little more — we've already won.So maybe life isn't about reaching the finish line before everyone else. Maybe it's about noticing the sky while we run. About helping someone who stumbled. About becoming, slowly and stubbornly, the best version of ourselves along the way. And that is a race worth running.

Ananya Parui, Std 9
